

# **CONSTRUCTION NOISE CONTROL POLICY**

As implemented by the Common Council on 9/9/92.

The following policy was implemented by the Common Council on September 9, 1992 to control construction noise.

A non-emergency time window was established for the operation on construction related equipment from 7:00 a.m. to 7:00 p.m. for Monday through Saturday, within the City of Stoughton.

This policy will be inserted within the City of Stoughton Standard Construction Specifications and Street Opening Permits.

This policy will be discussed at all pre-construction conferences.

This policy will request the cooperation of all local builders and contractors.
