***Tribute Tree  
Program***

***“The Gift That  
Keeps on Giving”***

Are you looking for a unique way to recognize an individual or occasion?

Consider the:

### Tribute Tree Program

[www.cityofstoughton.com/streets/forestry](http://www.cityofstoughton.com/streets/forestry)

---

#### Program Purpose

The program encourages the purchase of trees as a means of gifting or paying tribute to individuals, groups, or occasions such as: birthdays, anniversaries, retirements, graduations, memorials, etc.

Trees that are purchased will not only leave a living, growing legacy for future generations, the trees will beautify the City of Stoughton.

---

#### Program Guidelines

To ensure the longevity of your Tribute Tree, the trees on the list are suited for our area for: soil type, size, space limitations, and population.

Most successful transplants in an urban setting are 1 1/2-2 inches in diameter and a minimum of 6-8 feet tall. The City of Stoughton will see that your tree is planted properly with enough room to grow and care for it for the duration of its life.

### Parkrow Trees – Space Limited

Flowering Crabapples

Pacific Sunset Maple

Globe Norway Maple

Japanese Tree Lilac

Peking Lilac

Washington Hawthorn

Amur Maachia

Shantung Maple

### Tribute Tree Application

Name: \_\_\_\_\_

Address: \_\_\_\_\_
