The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under this building permit or that is caused by any negligence by the contractor that occurs in connection with the work performed under this building permit.

The owner may not be able to collect from the contractor, damages for any loss sustained by the owner because of a violation by the contractor of the one and two-family dwelling code or an ordinance enacted under sub.

(1)(a), because of any bodily injury to or death of others or damage to property of others that arises out of the work performed under this building permit or because of any bodily injury to or death of others or damage to

property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under this building permit.
