# Memorandum

**DATE:** January 10, 1997  
**TO:** Planning Director Rodney Scheel  
**FROM:** Finance Director John D. Neal  
**RE:** Insurance Requirements

To assist you in obtaining the appropriate insurance coverage as you coordinate construction projects:

1. The specific language from Standard Contract Insurance Specifications, as prepared and issued by many engineering and construction firms, does not always adequately fully protect the City against loss which arises from the performance of the contract.
2. Requiring staff (myself and the City Attorney), to review diverse insurance documents to "ferret out" language not in our best interests, and conversely to request the insertion of language beneficial to the City, is a time-consuming, expensive proposition, fraught with the potential for error.
3. In order to eliminate the problems listed above, the City's policy is to require the firms we contract with to obtain an authorized signature on the City's "Insurance Endorsement Forms" (samples attached).
4. This form, upon completion by the contractor's insurer, is to be provided to the City's Risk Manager (JDN), for review and approval. The form and underlying Certificate of Insurance should then be attached to and made a part of the contract with the involved vendor (engineer or contractor).
5. In addition to the above forms, we have an overall "Insurance Requirements" document which should be given to the contractor and forwarded by them to their insurer's agent.
6. The underlying theme of our approach to risk management is that it is the contractor's responsibility to provide proof, and a guarantee signed by their insurer, that the City's insurance requirements are met.
7. In conclusion, a final contract with any contractor will include:
  - a) The Contract -- with verbiage referencing attached insurance documents.
  - b) A Certificate of Insurance from the contractor's insurer providing coverages outlined in our "Insurance Requirements" letter, naming the City an additional named insured.
  - c) Properly executed "Endorsement Forms".
