(subject to confirmation)*
-  Town of Dunn Conservation Easement
-  Short-Term Urban Growth
-  Mid-Term Urban Growth
-  Long-Term Urban Growth

*Environmental corridors are a composite of the most important natural resources. Individual components consist of most of those elements seen on Map 2: Natural Resources. These include: DNR Wetlands, 100 Year Floodplain, Woodlands, Public Lands, Steep Slopes above 12%, and all other Environmental Corridors as defined by CARPC.

Adopted: July 11, 2017
