Mayors statement from the 6-9-2020 City Council meeting

Like many others, I am deeply disturbed and saddened with what has transpired in our nation in the recent days. What happened in Minneapolis and across the country is simply unacceptable. This type of behavior and discrimination is not welcome in Stoughton.

The awareness brought to our community through peaceful protesting, shared stories and the initiatives proposed by our local community members, provides us with a starting point and something we can build upon.

When our community focuses on specific goals, we achieve positive outcomes.
