

CORONAVID-19

**CORONAVIRUS
DISEASE**

HELP PREVENT THE SPREAD OF RESPIRATORY DISEASES

Avoid close contact
with people who are sick.

Cover your cough

or sneeze with a tissue, then
throw the tissue in the trash.

Avoid touching
your eyes, nose, and mouth.

Stay home when you are sick.

Clean and disinfect
frequently touched objects
and surfaces.

Wash your hands

often with soap and water for at least 20
seconds. If soap and water are not
available, use a hand sanitizer that
contains at least 60% alcohol.

FOR MORE INFORMATION, PLEASE VISIT:
COVID19.WISC.EDU

MAIN SIGNS *and* SYMPTOMS:

Fever (100.4° F / 38°C)
Isolate yourself and record
your temperature twice daily.

Coughing

**Shortness of breath
or difficulty breathing**

OTHER EARLY SYMPTOMS:

Chills

Body aches

Sore throat

Runny nose

Headache

Nausea/vomiting

Diarrhea

If you develop fever or any of these symptoms, call your healthcare provider right away. **Please call ahead** so the provider can take appropriate precautions to prevent the spread of infection. Tell the provider your symptoms and recent travel or that you had close contact with someone suspected of having COVID-19. If available, it is also advised that you wear a surgical mask once symptoms arise to limit the potential of additional transmission to others.
